APPAREL

NOTE: All measurements refer to the body size, not the garment dimensions.

HOW TO MEASURE FOR A PERFECT FIT

- **CHEST:** Measure around the fullest part of your chest, keeping the measuring tape horizontal under your armpits and around your shoulder blades.
- **WAIST:** Measure around the natural waist line (the narrowest part), keeping the measuring tape horizontal.

TIPS

- For best results, take measurements over undergarments.
- Hold tape firmly, not tightly.
- If measurements fall between sizes, go for the smaller size for a slim fit and the larger size for a relaxed fit.
